Building on the stunning success of the first Pacific Showcase in September 2011, the inaugural event at The Cloud which attracted over 38,000 visitors, the Pacific Cooperation Foundation, in partnership with local and regional businesses will be launching a weekly Saturday Pacific Showcase.

ABOUT THE PACIFIC SHOWCASE

The Pacific Showcase is a Pacific inspired marketplace that will bring the best that the Pacific has to offer to Auckland's waterfront each Saturday.

The Showcase will feature a range of boutique stalls, a Pacific themed market place, promotional kiosks, a Pacific café and entertainment stage. There will be something for everyone with visitors able to shop for a variety of foods (including fresh regional produce, specialty foods and beverages), art, crafts, jewellery, fashion and beauty products.

The Cloud will resonate with the sights and sounds of the Pacific as musicians, singers and dancers take to the stage providing live music and performances. This will be complimented by our very own Pacific café which, along with a variety of other food stall holders, will provide a full range of quality food and beverages.

Organised by the Pacific Cooperation Foundation, an independent charitable trust, the Showcase is being staged to bring a focus onto the vast wealth of products, arts and culture across the region and to transform the way we see the Pacific and what it has to offer.

PARTICIPATION IN THE SHOWCASE

The Pacific Showcase is still open for further businesses, groups and individuals to be involved with registration of interest via the Pacific Showcase website or by email to cathy@pcf.org.nz.
